**Good Luck
Seniors**

**Congratulations
Class of '82**

On the Cover ☐ 60

The Brave is the symbol of pride and dignity in Grant County High School.

Managing Editor — Nancy Adams

Copy Editor — Robin Hughes

Lay-out Editor — Toni Brewsaugh

People

Opening ☐ 6

- ☐ The beginning of a year is a time never forgotten. It's a new start; a time to get reacquainted with friends and teachers and a time to gear ourselves for the months ahead.

Student Life ☐ 16

- ☐ We each take part in student life at Grant County. The term "student life" covers a broad area, extending to the individual lives of each student. Our teen years are ours.

Activities ☐ 28

- ☐ The activities and events that take place provide memories and entertainment. From dances to club events to homecoming these are times to share with our friends and to take an active part in.

Academics ☐ 46

- ☐ The classes we choose are projections of ourselves. They prepare us for life and the things that interest us. Specialized courses lead us to specialized fields for which we are trained.

Rodney Simpson tips off a winning season for GCHS. 60

The curriculum is wide and varied at GCHS. 46

Mr. Courts shows a film in Agriculture class. 104

Sports ☐ 58

- ☐ The spirit of competition runs high at Grant County. Whether an athlete or a spectator, we support our athletic teams. Through our athletics, we gain pride.

Organizations ☐ 82

- ☐ The organizations a student joins and participates in reflect his interests and personality. A student can increase his skills and his individuality; he can be outstanding.

Faculty ☐ 104

- ☐ Those who educate us hold an important place in our lives. They prepare us for life. We look to them for approval, knowledge, advice and sometimes friendship.

Students ☐ 118

- ☐ Each student enrolled at GCHS makes up a part of our school. As friends and classmates we grow and change together. We are separate and yet we are one.

Closing ☐ 168

- ☐ While spring is a time of beginnings, it can also be a time for endings. Graduation, summer jobs, and summer activities are all on the minds of students at Grant County.

Index ☐ 179

Editor's Page ☐ 184

The 1982 edition of the GRANTONIAN was prepared by the students of Grant County High School and printed by the offset lithography by Taylor Publishing Company, Dallas, Texas, for fall delivery.

The theme is "People" and the cover stock is blue 452 with embossed dye #9590 with Cordova graining. The silkscreen is #911 white.

The headline style is Souvenir #143 Up and Helvetica Medium Outline #120.

Four color was used on Pages 18, 19, 22, 23, 26, 27, 30, and 31. Cameras used were Ricoh TLS 401, Nikon 35 mm. Yashika 124, Mamiya 645, Pentax Spotmatic F.

Senior pictures and underclassmen pictures were taken by Osborne Photographic Laboratories, Cincinnati, Ohio and Ackerman Photography, Williamstown, Kentucky.

Press run was 500 copies with 184 pages.

Opinions

What kind of improvements do you feel have been made so far this year?

"The gym and school appearance is better, there is more respect, so discipline is better; improved parking lot."

— Kecia Flege, Sr.

"The fixing up of the gym floor and painting of the school are fine, but more improvements are needed in the bathrooms and lunchroom."

— Valerie Simpson, Sr.

"Mr. Brill helped the students become aware of the need for school pride."

— Tina Lawson, Jr.

"Mr. Brill has a better educational program."

— Angela Hughes, Fr.

"The discipline code has been improved. Mr. Brill will help you, if you help him."

— Rená Bowen, Sr.

"A very outstanding improvement was putting doors on the bathrooms."

— Vicki McIntosh, Soph.

"Mr. Brill is a great guy, we need a principal like him to lay the facts on us."

— Terrie Kinman, Fr.

"There is more administrative support, in class discipline is easier to handle."

— Mrs. Lillard, Fac.

Do you feel that school pride has increased or decreased? Why?

"I think it has decreased, because now it is more strict and there are fewer pranks, more emphasis on education."

— Shirley Blackburn, Jr.

"I think it will increase, because people will feel better about the school looking nicer."

— Mary Ann Beagle, Sr.

"I think it has increased, because the school looks better and the students have more pride in it."

— Rick Willoby, Jr.

"I think it has increased, because we have teachers, students, and a principal who care."

— Robin Landrum, Fr.

"I think it has increased, because there are more people supporting athletics."

— Doug Parks, Fr.

"I think it has increased, we've got a new gym floor and most everything is repainted and we have a great year to look forward to in sports and just in general, we finally have a school to be a little bit proud of!"

— September Colbert, Jr.

"I feel that it has increased because people conduct themselves in a more mature manner."

— Mr. Berger, Fac.

Little Shrimp

824-5000

LITTLE SHRIMP DAIRY BAR

How do you like the new scheduling system?

"I like the new system, because it eliminates the rush to the teachers in the gym."

— Melinda Connelly, Sr.

"There are lots of advantages, but it needs to have more work and thought put into it before sending it off to the computer."

— Mrs. Brill, Counselor

"I don't like it because money could be put to better use."

— Tina Lawson

"I like it. It shouldn't be who you want to be with just as long as you learn."

— Angela Hughes, Fr.

"I missed the personal contact with the students who are signing up for my classes."

— Mr. Berger, Fac.

"It was all right, but it was so confusing. Instead of having to do so much work, there has got to be a better way."

— September Colbert, Jr.

"It stinks. A lot of schedules had to be rescheduled anyway. Students will put more into school if they enjoy it at least a little, like having classes with who you want."

— Tina Simpson, Jr.

What was your first impression of G.C.H.S.?

"I like G.C.H.S., I think it is a good school and I like Mr. Brill and his discipline."

— Doug Nantz, Fr.

"I thought it needed a lot of work, but everyone seemed willing to work to make things better."

— Mr. Brill, Principal

"I think high school is big and scary, but I think I will have fun and it will be easy."

— Tammy Pelfry, Fr.

"The people and teachers are a lot nicer and you get more freedom. I also thought there would be a lot more boys."

— Kim Hillenbrand, Fr.

"I was afraid I would get lost and I thought school was gonna be bad."

— Jeff Sargent, Fr.

"I got lost. I think it is big and there are lots of people. I like seeing all of the people."

— Scott Baker, Fr.

"I think the high school is overcrowded and needs more room."

— Nancy Willoughby, Fr.

FRONT

— Osborne Studios

The modifications in the school signify advances of the upcoming year. Although these alternations bring about both good and bad, the advantages outweigh the disadvantages.

Some modifications include: wooden hall passes, a pay telephone, a storage room converted to a classroom, and the gym floor was refinished, and the reinstatement of semester exams.

Along with these changes come new faculty and administrative personnel. Mr. John Brill, formerly of Pendleton High, is the new

principal of Grant County High. Mrs. Cox took over the job of new Curriculum Superior. Replacing Mrs. Cox is Mrs. West, she has taken over the job of Co-op coordinator.

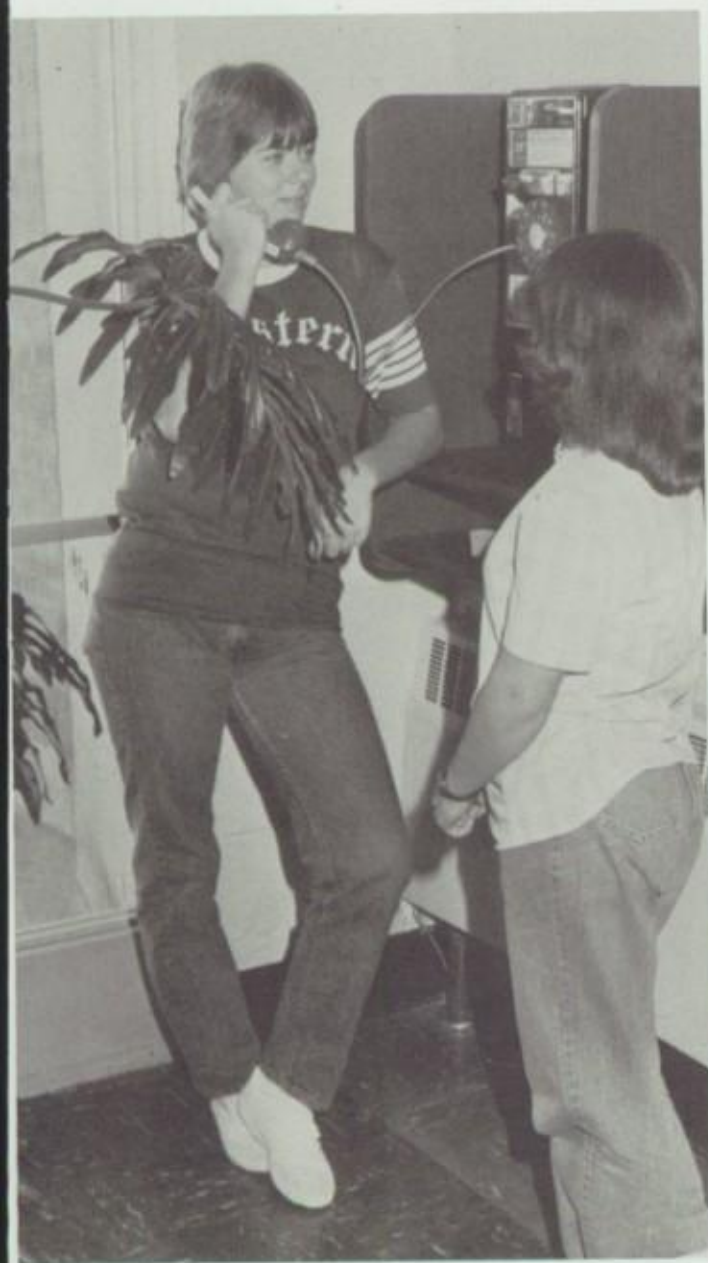

Dr. Otis Reed, formerly of Webster County has taken over the duties of Superintendent of Grant County Schools.

Mrs. Schuetz is a new member of the Business Department, and Mr. Hester has joined the Science Department, and Mrs. Thompson is replacing Mrs. Ogden in the English Department.

Several new programs have also been formed as well as abandoned. Prizes are given out by the office and Druther's Restaurant for those with perfect attendance and/or three A's. The old system for counting tardies has been abandoned as well as the policy of detention which has been replaced by in school suspension.

These alternations along with the general improvement will boost school pride and be a precedent for the following years. □

▲From paper to plywood, the new hall passes eliminate paper work and excess people in the halls.

▲ While Sonya Randall stands by, Brenda Gouge takes time out to use the new phone by the front office.
▲ To encourage better attendance those with perfect attendance are eligible to receive albums at the end of each school month.

▲ The most dramatic change in the 81-82 school year is our principal Mr. John Brill.
▲ When traveling from class to class the students must bypass the newly finished gym floor.

▲ All teachers are required to stand by their classroom to minimize trouble in the halls, as demonstrated by Mr. Don Martin.
▲ Since the old artroom is now occupied by the Special Education Department, the art students now assemble in the renovated maintenance building, behind the school.

— Osborne Studios

The dictionary defines “friend” as an acquaintance; one who wishes well. But the meaning of the word “friend” is so much more than that. This is particularly true during the high school years.

Friends share happiness along with the frustrations of growing up. They share the laughter that comes with collecting memories, and the tears that fall with the disappointments.

They counsel, bring cheer, share dreams, hopes, joys, fears, and everything else that is important in the student’s life.

Friends help each other in choosing the right directions. Decisions that will influence the student’s whole life are made with the help of a friend.

As freshmen, students share the newness of high school. As seniors they recognize how far they have

come and have yet to go.

For all the times friends have been there, and for all the times they’ve shared themselves they could easily be labeled fascinating.□

▲Friendship can mean sharing special events such as receiving class rings as shown by Chris Monhollen and Doyle Cain.

— Jeff Nantz

The beginning of school signifies changes in many aspects of a person's life. Some friends that didn't quite keep in touch during the summer become closer as they get back into the routine of going to school.

Summer activities such as softball may be neglected once school starts because of the lack of extra time. This may result in less

leisure time.

Other activities may become more time-consuming than ever now that practice after school seems more convenient than going home and returning after a short period of time. All of this work proves to be rewarding, though it seems to be all work. This can be repaid when one succeeds in what

one has been working for all along. You can say that it all paid off.

Activities of the summer and during the year can be classified as Entertaining. □

▲Marching towards the grandstand with pride at Marigold Day, Sophomore Mark Middleton holds his head high.

Along with the friendships, other special relationships develop in high school years. Young love often finds students daydreaming in class, worrying about dates, and searching for certain members of the opposite sex between classes.

For most, the first date takes place in high school. This is an experience that students will remember for the rest of their lives.

This begins a part of their lives that will hold new emotions — sometimes complicated and hard to understand.

Many relationships will end with tears and heartbreak, but it's all part of growing up and learning how to sort out emotions.

Couples always seem to work their ways into the center of conversation and everyone wants

to know who broke up with who and why. Who's taking who out this weekend? A high point of social development, couples are conversation stimulating.□

Plans and Goals Become Priority

There comes a time in every student's life when he must make a career decision and then back it up with the proper education and training. Some students have an idea of what they want to do in early childhood. Some of these might carry through with their dreams of being a doctor, lawyer, nurse, teacher, fireman, architect, pilot, or farmer. Experiences in high school can change views on career choices. Many students will decide on a career during high school while others will graduate undecided about their future plans. □

Students Find Ways to get Involved

Life at Grant County High could be called an individual effort as well as a group interest. The students here find that there are many things offered for their pleasure.

From assemblies to ball games, most can find entertainment in a school-related event.

At this part of our lives, school is the main facet that we know. By the time we graduate we have spent over 700 hours in high school. Most of us are lucky to find ways to enjoy and involve ourselves whether it be through social events, extracurricular activities, or even our classes. If life ever seemed dull to a student at Grant County High School, he has no one but himself to blame. □

Friends and Fun Add to High School Life

Many varied hobbies and activities add to the lifestyles of students at Grant County. Many students find entertainment through common pastimes like reading, writing letters, playing an instrument, or keeping up with soap operas that they miss during school hours.

Others will find the evenings and weekends useful for shopping, seeing movies with friends, rollerskating, bowling, going to rock concerts, or just cruising around town.

Church activities will keep some busy with overnight retreats, youth choirs, holiday programs, and community projects.

The hobbies here at Grant County are as different and varied as the students themselves. From hunting to ballet, from stock-car racing to writing poetry, there is something here for everyone to take part in. □

Students Earn Income and Experience

As the high cost of living climbs even higher, many students at Grant County High find it necessary to find work outside of school this year. It seems vital to have extra funds during the teenage years and therefore some students take part-time jobs.

From gas stations to fast food places to grocery stores, teens learn responsibility while earning money. Often this is a challenge to students to shuffle from home to school to work and to keep up with homework and extra-curricular activities on the side. However, most students find the time and the energy to make it all work. □

Alligators, Oxfords, and Designer Jeans

In today's quickly paced society, students can find many things to help them keep up with trends. Fashion was highly trend-setting this year, starting with the appearance of the alligator. Izod Lacoste polo shirts, sweaters, and even shoestrings hit it big this year, just ahead of polo shirts labeled by horses, foxes, and birds.

Crew neck and monogram sweaters, covered oxford blouses with button-down collars. But, the main craze was designer jeans and students wore \$50. Calvin Kleins to \$25. Levis, with Jordache, Jantzen, Lee, and Chic in between.

Footwear became preppy with top-siders and loafers, and even running shoes became top fashion for those who could afford Nikes, Pumas, and Adidas. □

— Lynn Knight

▲▲Colorful sweaters are displayed by Monica Colson and Nancy Henage.

▲Track shoes, topsiders, and boots are easy to find on Grant County grounds.

◀Jordache not only makes jeans but makes sweaters too. Becky O'Nan shows hers.

Every day I had been "Working for the Weekend" and finally I could say "Thank God It's Friday." I recalled the hot "Summer Nights" and remembered my "Endless Love." Now, school had started and I thought "Isn't It Time" for a "High School Dance."

"My Angel Baby" arrived and said "Put On Your Dancin' Shoes" so I called "Yes, I'm Ready" to "Dance the Night Away." We pulled up in a "Black Limousine." "I Love Rock 'n Roll" so we started doing "Night Moves" right away.

Then, "Suddenly," I heard the "Last Dance" and the night was "Already Gone." "My Guy" dropped me at the door and whispered "Sweet Dreams." □

On October 6, the students of Grant County High School were given a mini-concert by the Florida rock group "Free Fare." The group gave a varied performance of musical skits on T.V. shows and commercials as well as top hit songs.

"Free Fare" returned the following night to give a 90 minute concert. They performed songs by top groups as well as their own compositions. Mr. Brill sponsored these performances which provoked tremendous applause from the audience.

"Free Fare" is a Christian group and spoke on the love they had for Christ during the show.

On November 5, Juniors and Seniors were released from their first three periods to gather in the gym for Career Day. Over 20 colleges and universities were in attendance, presenting 4 — 20 minute sessions for those who were interested.

Career Day gives students a chance to do some serious thinking about where their future may take them. □

The 1981 Blue/Gold Game proved to be interesting to all that attended. All Basketball players and Cheerleaders got a chance to show the home crowd their abilities.

The first game was played between the Freshman team. This was mainly to show the ability of the team as a whole not for competition. The second game was played by the Freshmen and Sophomores coming out victorious. The third game between the Juniors and Seniors was the closest game of the night. The Seniors pulled ahead during the last few minutes of the game claimed their

victory.

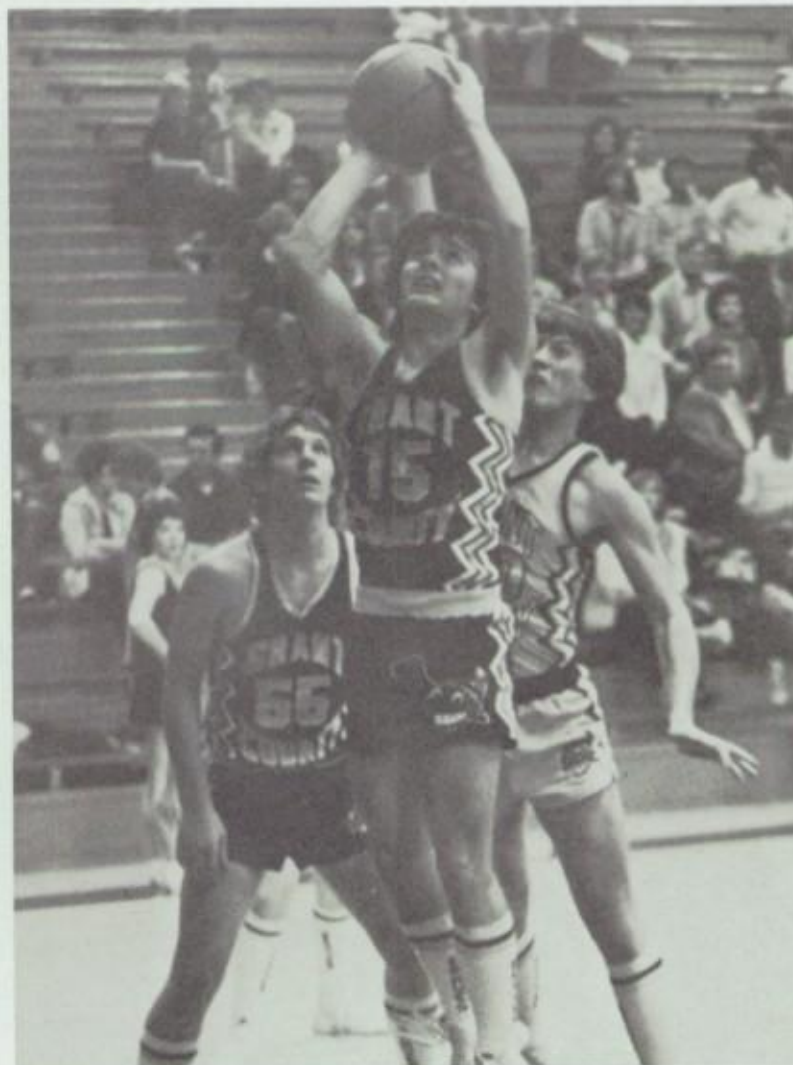

These three games were followed by an exhibition by the Northern Kentucky Norsemen including Grant Community High School graduate Steve Howe.

Grant County Varsity and Junior Varsity ballplayers had a shoot-a-thon — to raise money. They spent six hours shooting basketball and keeping track of how many they made. Prior to the shoot-a-thon they got sponsors to promise to pay a penny a shot. Jerry Poore was the highest scorer with over 600 baskets. The money they made went toward buying the team new warm-ups. □

The 1982 Homecoming was an event to remember. Major changes this year included the decision to elect the queen by popular vote instead of money and elect only a girl from the homerooms and have them escorted by a ballplayer.

The title of queen this year went to Kecia Flege, an active member of the senior class and a Varsity Cheerleader. She was crowned by her escort, Jerry Poore.

The title of princess went to freshman, Becky O'Nan. She was crowned by her brother Dan O'Nan.

Both winners received a charm and a corsage. They also got to keep the crowns as a memento of the Homecoming 1982. □

From Science Students Take

A new event at Grant County High School was "Pride Night." Students and parents were invited to share in this evening of entertainment.

Mrs. Doyle's P.E. class did a tumbling and dance routine to "Physical." This was followed by a talent section. Individuals and groups sang to show their abilities in the music field.

The Grant Co. Varsity cheerleaders did their pompon routine from the Regional Competition.

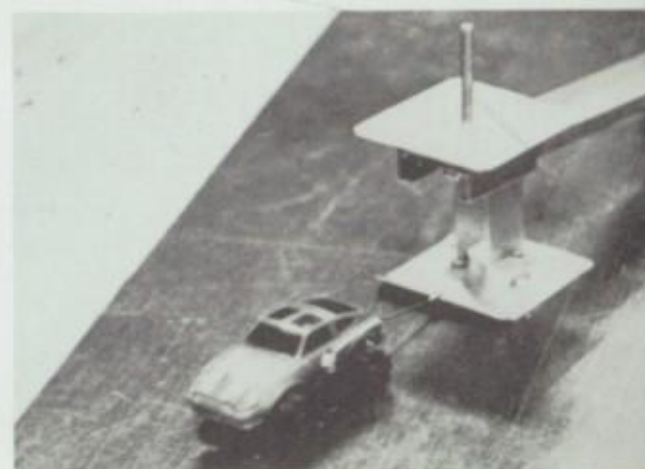

The Grant County Marching Band displayed their flag and rifle corps. They showed their talents in "Fame", to which the majorettes performed.

One of the most popular events was the "Stomper Pull." The winners received \$5.

The art and history departments displayed works and certain items listed for a scavenger hunt. History classes were divided into teams and the teams with the most items gets an "A" on a test.

Biology students set up their projects and other displays could be found in various places.

The evening was a great success. □

Projects to Stompers; Pride in Grant County

◀The varsity cheerleaders took advantage of School Pride night to try out a routine they learned at the State Tournament.

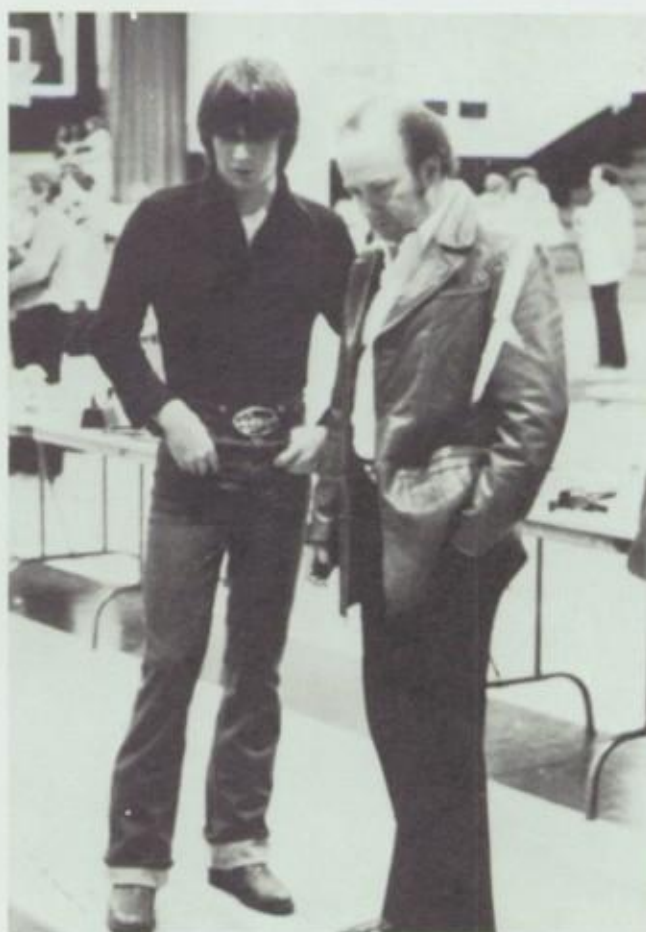

◀The stomper pull was a popular attraction for young and old.▼

▲Senior, Laura Martin, proudly displays the science project that won her a trip Boston for the National Junior Science Symposium.

Eighty-one projects were entered in the Science Fair on March 13; twelve of which were from the high school students in Mrs. Reed's AP Biology classes. Many of these entries received high awards and five of the projects qualified to enter the Regional Fair at Morehead State University on April 3. Tina Simpson and Bud Barnes received excellent ratings for

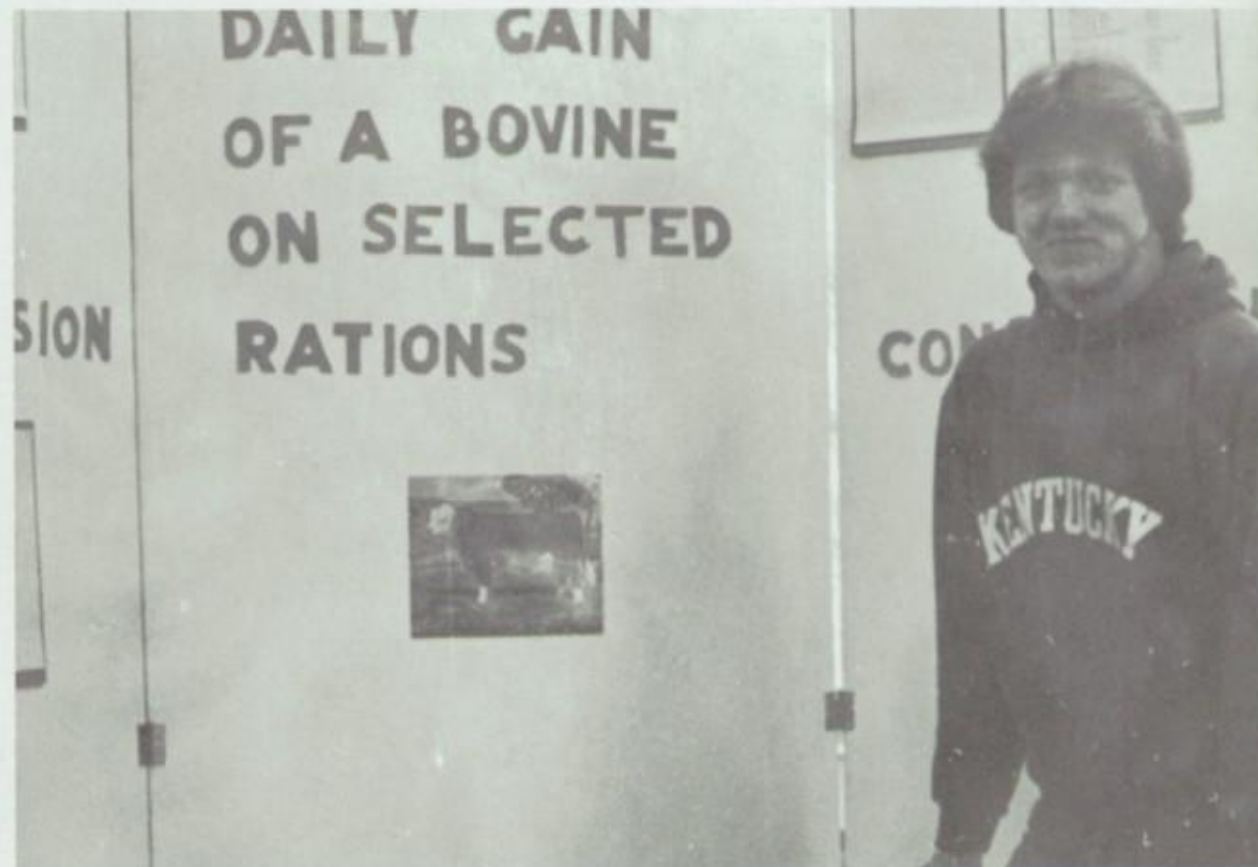

their work and Paul Combs, Laura Martin, and Kecia Flege acquired superior ratings. Paul received the 11th grade medal and Laura won the 12th grade medal along with a trophy for the best high school project. She also got a \$25 cash award from the Science club for obtaining a higher score than any other project in the fair. □

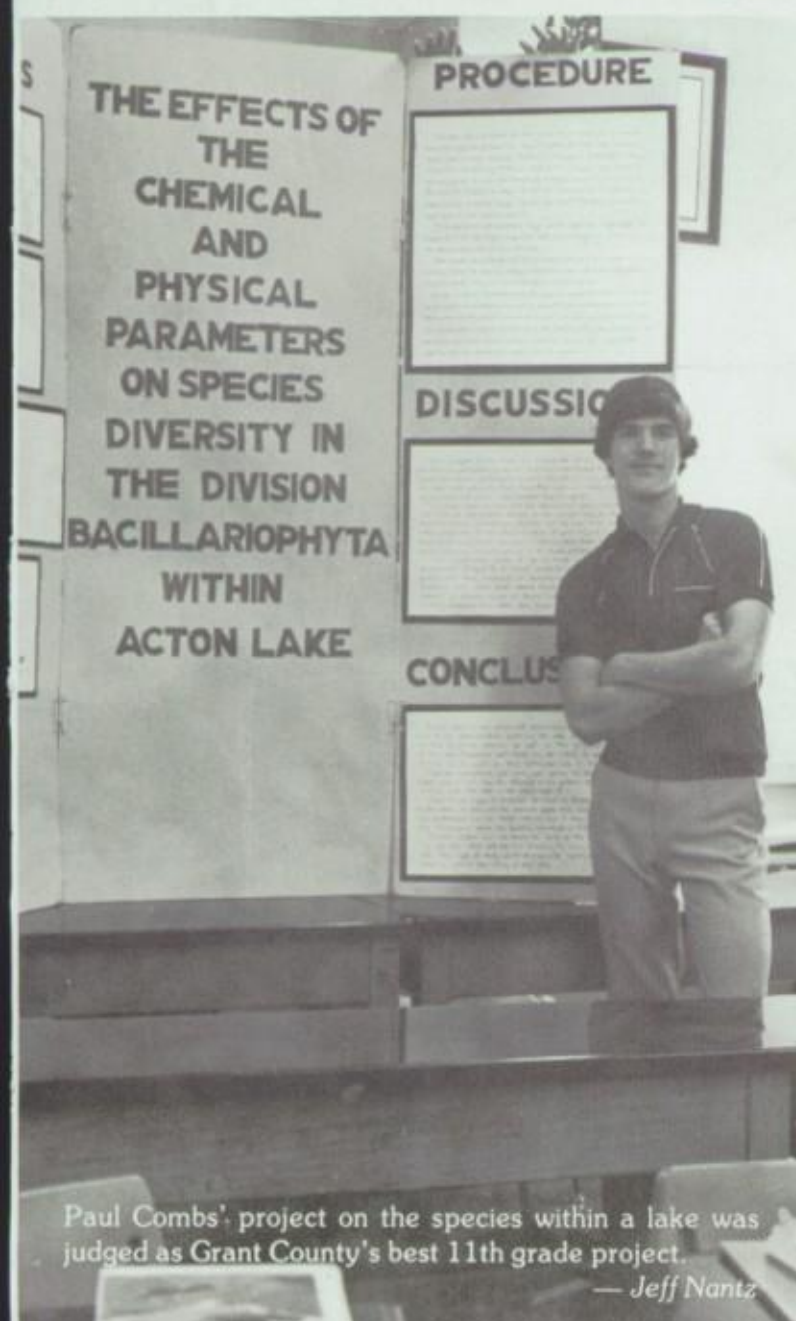

Science Fair Opens Door to Boston Symposium

◀The effects of antibiotics on agrobacterium tumefaciens helped Kecia Flege earn a Superior rating at Moorehead. Bud Barnes family's cattle came in handy for a study of weight gain.▼

People

Rivalry Reheated

The Braves finished this year's basketball season with a very respectable 20-13 record. This year brought about an up and down season which allowed for some unexpected wins and disappointing losses. An 18 point win over Gallatin County started the Braves off on the right foot. An enthusiastic crowd cheered the Braves to victory over rival Walton Verona by 4 points in the second game of the year. Three meetings with Owen County occurred this year with the Braves winning each game, although the winning margins were large, the Rebels improved with each game.

With a record of 4-0 the Braves continued into their own invitational tournament where they lost by 3 points to Highlands, who went on to the Sweet 16. The second defeat of the year came quickly with a 16 point loss to future 8th region champs, Shelby County. Pendleton County aroused special feelings for the Braves due to Mr. Brill's pushing for the defeat of his former school and the team came through with 16 and 6 point victories. A good defensive effort was also put forth as all-stater Talbert Turner, averaging 30 points a game, was held to 13 points.

The Braves then crossed the river into Lawrenceburg to play the Tigers, which ended in a 15 point defeat. After returning; they then faced Trimble County in which they scored the most points and largest winning margins of the season, 90-45 and 88-40.

Rivalry (Cont.)

After a 3 point loss to Bullitt Central, the Braves seemed to gain momentum with wins over Emminence and Harrison Co., but the unsurmountable obstacle came with Scott Co. The Braves played the Cards 2 times each to a defeat, with the most costly in the District Championship. Carroll Co. and Mason Co. also proved unfriendly to the Braves as each gave them a taste of the agony of defeat.

The Braves longest winning streak, 6 games, was ignited by a surprising victory over the highly rated Conner Cougars. This was followed by victories over Western Hills, Campbell Co., Boone Co., Owen Co., and Henry Co.

The streak was ended with disappointing losses to Lloyd and Bellevue and a heartbreaker to 8th region runner-up Oldham Co.

The team avenged an earlier loss to Carroll Co., and picked up a win over South Dearborne before closing out the regular season with a loss to Franklin Co.

The heated rivalry between Grant Co. and Williamstown was renewed in the District Tournament which resulted in a packed gym and a 25 point win over the Demons. This was the last victory for the Braves as they lost in the District to Scott Co. and the Region to Shelby Co. and said good-bye to six seniors.

The annual athletic Banquet was held on Saturday, April 3, in the High School Gym with the following awards given: Most Valuable Player — Jerry Poore/Todd Simpson, Mr. Free Throw — Jerry Poore, Mr. Rebound — Steve Simpson, Mr. Assist — Jerry Poore, Mr. Hustler — Rodney Kellam, Mr. Defense — David Parks, Mr. Sport — Lonnie Roy, Mr. Brain — David Parks, Mr. Boo Boo — Todd Simpson, Mr. Dirty — Steve Simpson. □

▲Sophomore, Gail Hubbard, was recruited to the All Region team for her great abilities.

▶September Colbert shows what 6'1" is all about as she gets the tip.

The Grant County Squaws went to basketball camp at Morehead State University for five days of learning fundamentals. Perfecting techniques was a major goal for this week of practice, during this week at basketball camp, Kim Thomas, Gail Hubbard, and September Colbert were appointed All Star Team, during the summer.

The Squaws had a winning streak at 18-11. They traveled to Williamstown High School for the District Tournament and defeated Owen County in the first round. The finals of the District against Scott County ended with Grant County victorious by one point 27 to 26. During this tournament three Grant Co. Squaws were appointed All Tournament Team. Gail Hubbard, September Colbert, and Mandy Beigley, were the three who received this recognition.

As District winners the Squaws went to Regional at Oldham Co. The first game Grant Co. had a victory over Owen Co. In the second game they were defeated by Oldham Co.

Gail Hubbard and September Colbert received recognition as All Tournament for the Regional.□

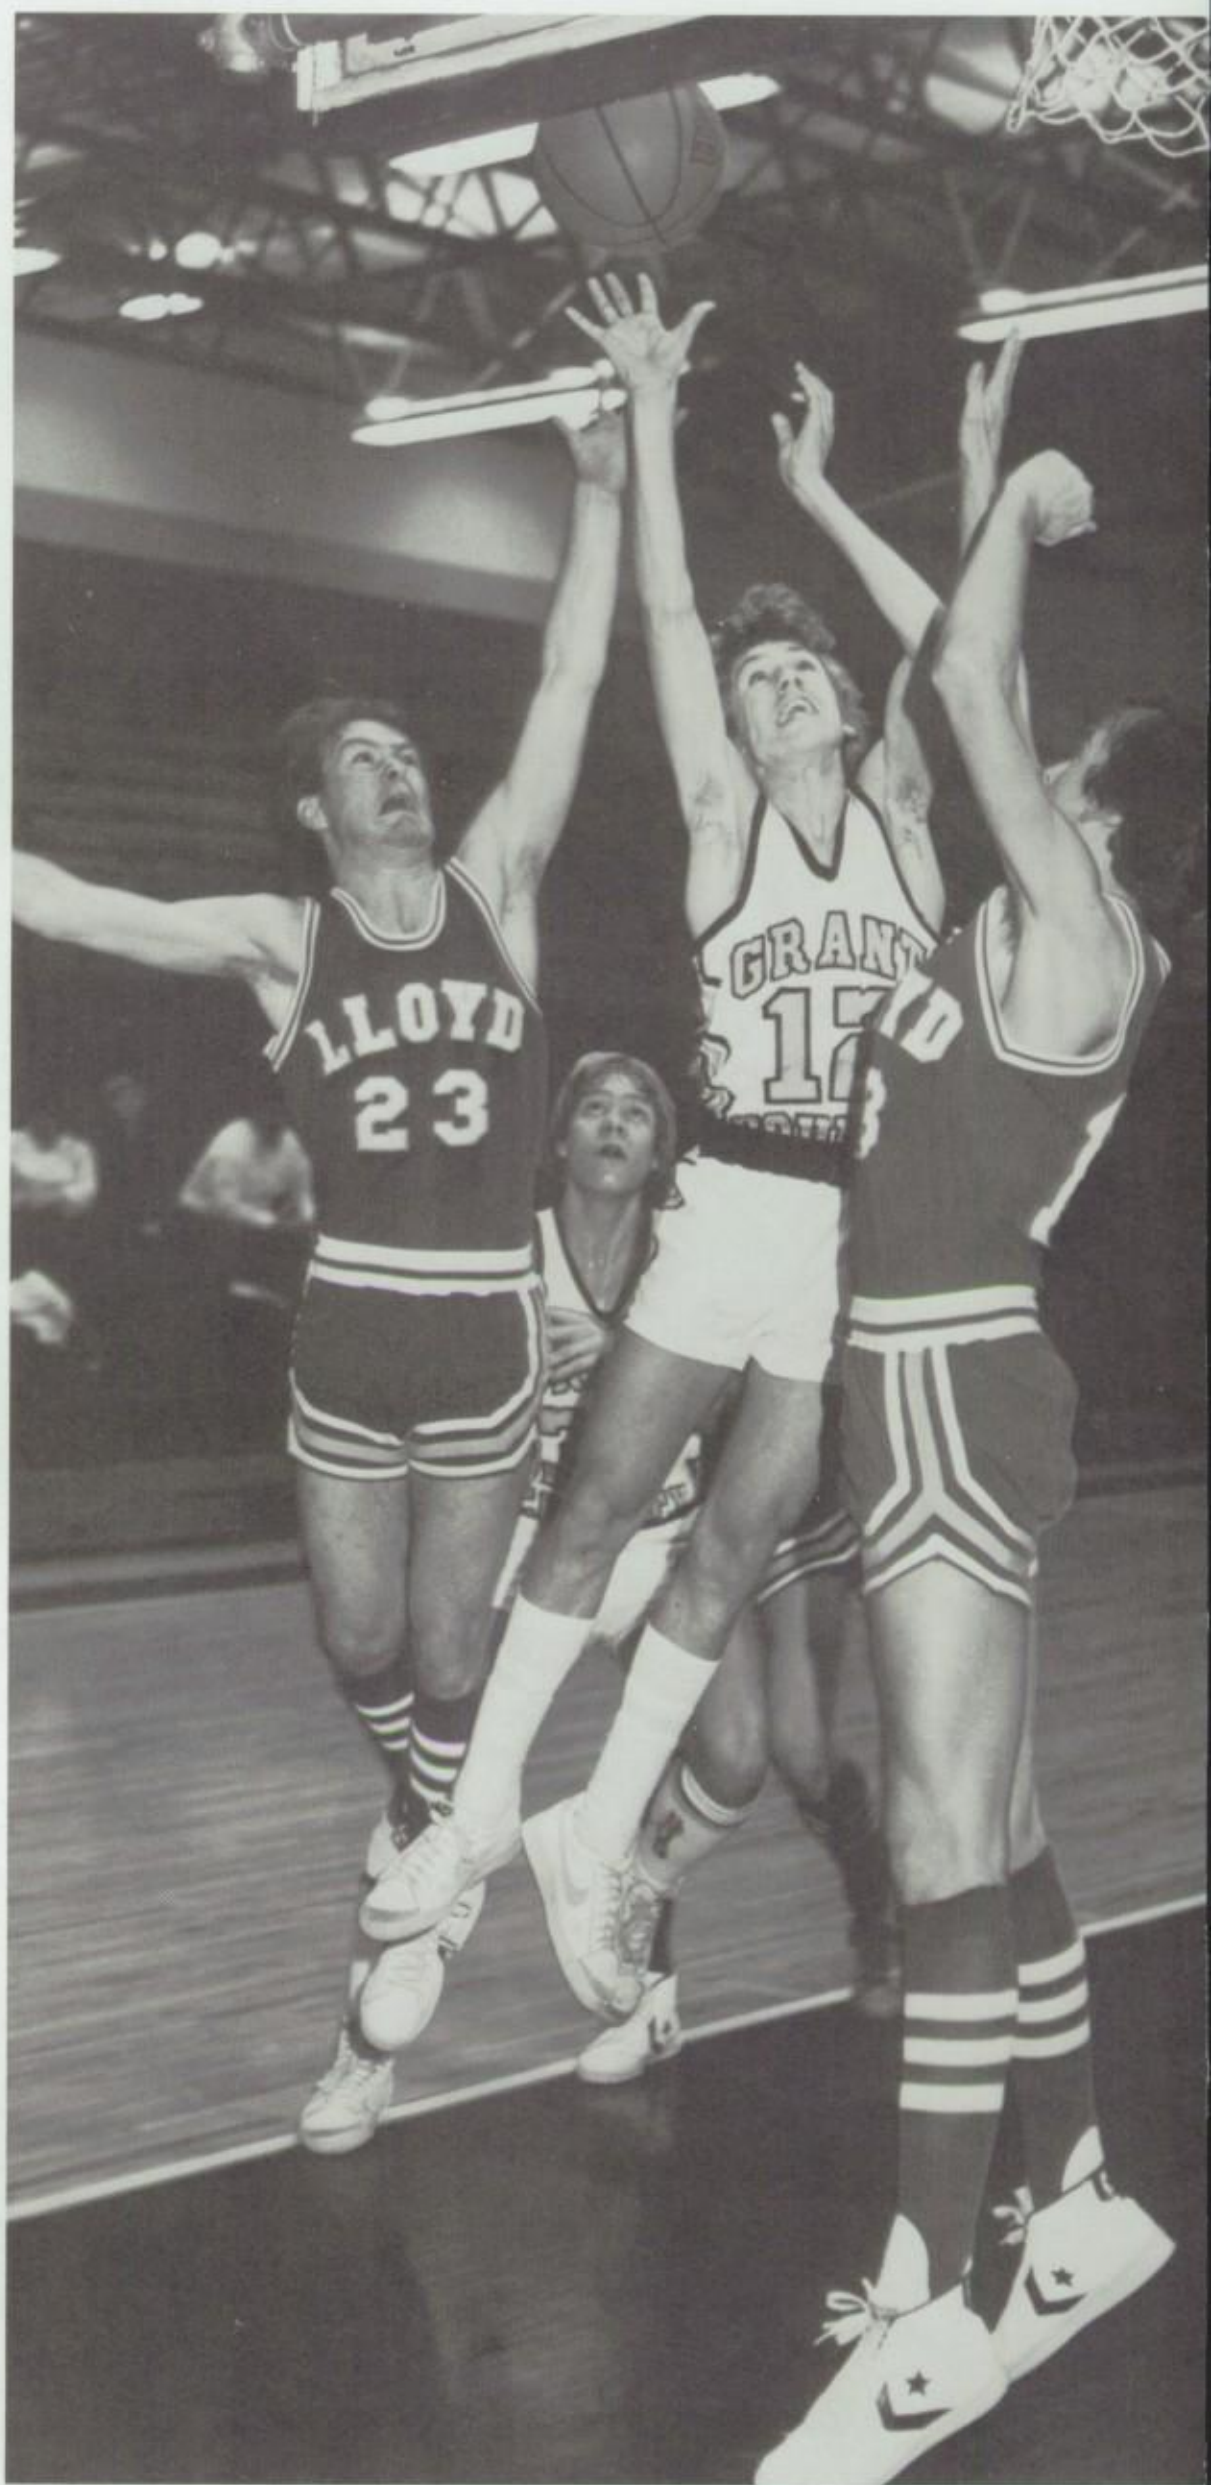

Slick Conditions Don't Stop Braves

Under the direction of coaches Donnie Martin and Tom Eckler, the junior varsity Braves started off their season with three wins. These were from Gallatin County, Walton-Verona, and Owen County.

Their first loss was to the Shelby County Rockets followed by four more wins and a very interesting game with Lawrenceburg. After approximately 30 seconds of playing time and two points made by the Braves, the game was called due to slippery floor conditions caused by a floor cleaner. After another loss, all the juniors playing JV were moved up to Varsity full-time. The team bounced back with three wins. With an 11-7 record, the team finished up a terrific season with experience to make next year's team even better. □

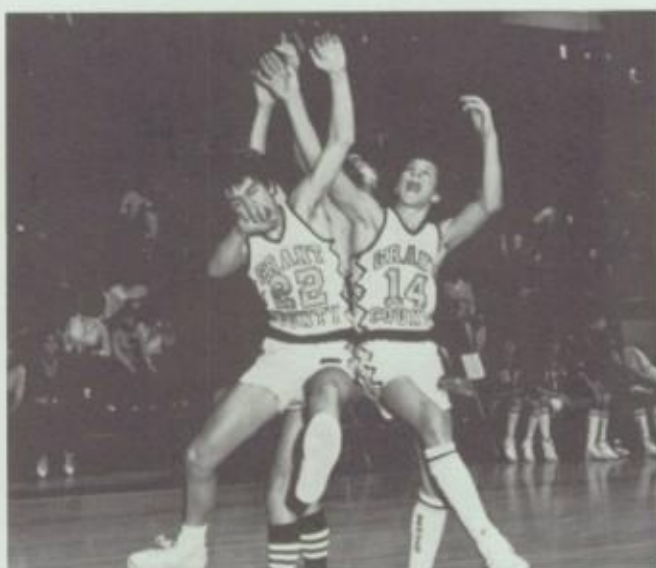

Freshman Jeff Stith contributed his best efforts to a 39-44 loss to Lloyd. Jeff is one of six freshmen who was moved up to JV mid-season. ▶

Freshman Braves Take PCFIT

During basketball season, future Varsity Braves are found in the Grant County High School gym until 8:30 or later. Even under these conditions the freshman Braves keep at their hard work that will better the future Varsity and Junior Varsity teams. Sometimes team members miss out on other activities, but to finish the season with a winning record and win a major tournament makes all the midnight hours of studying worth it.

With a winning season record of 9-5, the Freshman Braves gained a lot of experience. Mid-season, six Freshman players were moved up to junior varsity. This was the players that were left got more experience in learning the fundamentals of high school basketball. The team made a big finish as they won the Pendleton County Freshman Invitational Tournament with a landslide victory of 52-25. □

M.V.C.'s

Most Valuable Cheerleaders for the 1981-82 season were chosen in April of 1981 by judges from out of town. Varsity Cheerleaders went to camp at U.K. sponsored by UCA. This was a workshop that mainly concerned learning new chants and trying to improve different techniques. They received ribbons every night. All together they got 5 superior and 1 excellent.

The Varsity Cheerleaders were judged in competition at the district ballgame. They competed against Scott County and Owen County and received a 1st place trophy which they tied with Scott for accumulation of points. This trophy entitled them to compete at an at-large competition at the Regional.

The Junior Varsity Cheerleaders also went to camp at U.K. Their camp, however, was sponsored by NCA. They received 4 superior and 1 excellent.

The J.V. Cheerleaders also cheered for the Squaws. They were judged in district competition and received a second place trophy. They also qualified for Regionals.

The six Freshman Cheerleaders accompanied the Junior Varsity to camp. The Freshmen received 4 excellent and 1 outstanding ribbons in the competition.

These Cheerleaders received the Mayors Cup Award for their entry in the Marigold Festival Parade.

All three Squads of Cheerleaders participated in raising the school spirit at pep rallies and ballgames. □

Cross Country Sends Three to State

The Grant County High School's Cross Country teams have done very well this season.

Both the boy's and the girl's teams started off slowly, but as the season continued, the runners sprang back by leaps and bounds.

The boys finished the season fourth out of eleven in the Northern Kentucky Region. The girls finished thrid in the region out of eight. The Northern Kentucky Region has the toughest competition in the state for both boys and girls.

Three of the Grant County Cross Country runners went to the state meet this year. They were Tim Thorton, Tona Sponcil, and Kelli Phillippi. Tim Thorton who was third in the Region, came in nineteenth out of one hundred and thirty in the State for the boys. In the State competition for the girls, Tona Sponcil and Kelli Phillippi came in thirty-seventh and thirty-eighth out of one hundred and thirty.

Tim Thorton was named to the Northern Kentucky All-Region Boys Cross Country Team and Tona Sponcil was named to the Girls All-Region Cross Country Team.

"Both teams have great promise for the future," quoted our Cross Country Coach, Mr. Dan Baker.□

Woodyard Takes Track Team to State

The Grant County Track Team had a very talented and experienced team this year.

The girls received a second place trophy at Carol County High. Lori Woodyard qualified for the 330 and winning the 110 hurdles in Region only to go to State for the 110 hurdles capturing 5th place. In the Sectionals Karen Dues, Sonya Simpson, Jennifer Buton, and Tammy Pelfrey ran the 440 relay. "The girls did better in the Regionals than they ever have." Says September Colbert. "This year by far has been the best year for our team and for individuals as well." says Lori Woodyard.

The Boys track team year wasn't as fulfilling as the girls but was for eighth grader, Mark Kinsey, who qualified for the two mile run in the Regionals. □

Braves Capture District

The Grant County Braves Baseball team had a winning streak this year which consisted of 6 games which was broken by one point to Walton. The Braves played Williamstown in the first District game and had a shutout of 11 to 0. In the second game it was the longest playing game this year. It lasted 12 innings and Grant Co. pulled it off with another shut-out. They went on to Region and were defeated by Fleming Co. by one point. Although they lost we are still proud of our team.

On awards day Jerry Poore, Rodney Kellam and Jeff Stith received All District. Jerry Poore received All-Region. Jamie Russell received MVP. Jerry Poore received the ERA of 1.65 and Jamie Russell received batting average of .409.□

Golf Team: State Tournament Bound

The 1982 Golf Team consisted of two freshmen, Doug Parks and Tim Day and two Juniors, David Parks and Daryl Collier. Serving as alternates were Paul Combs and Larry Martin.

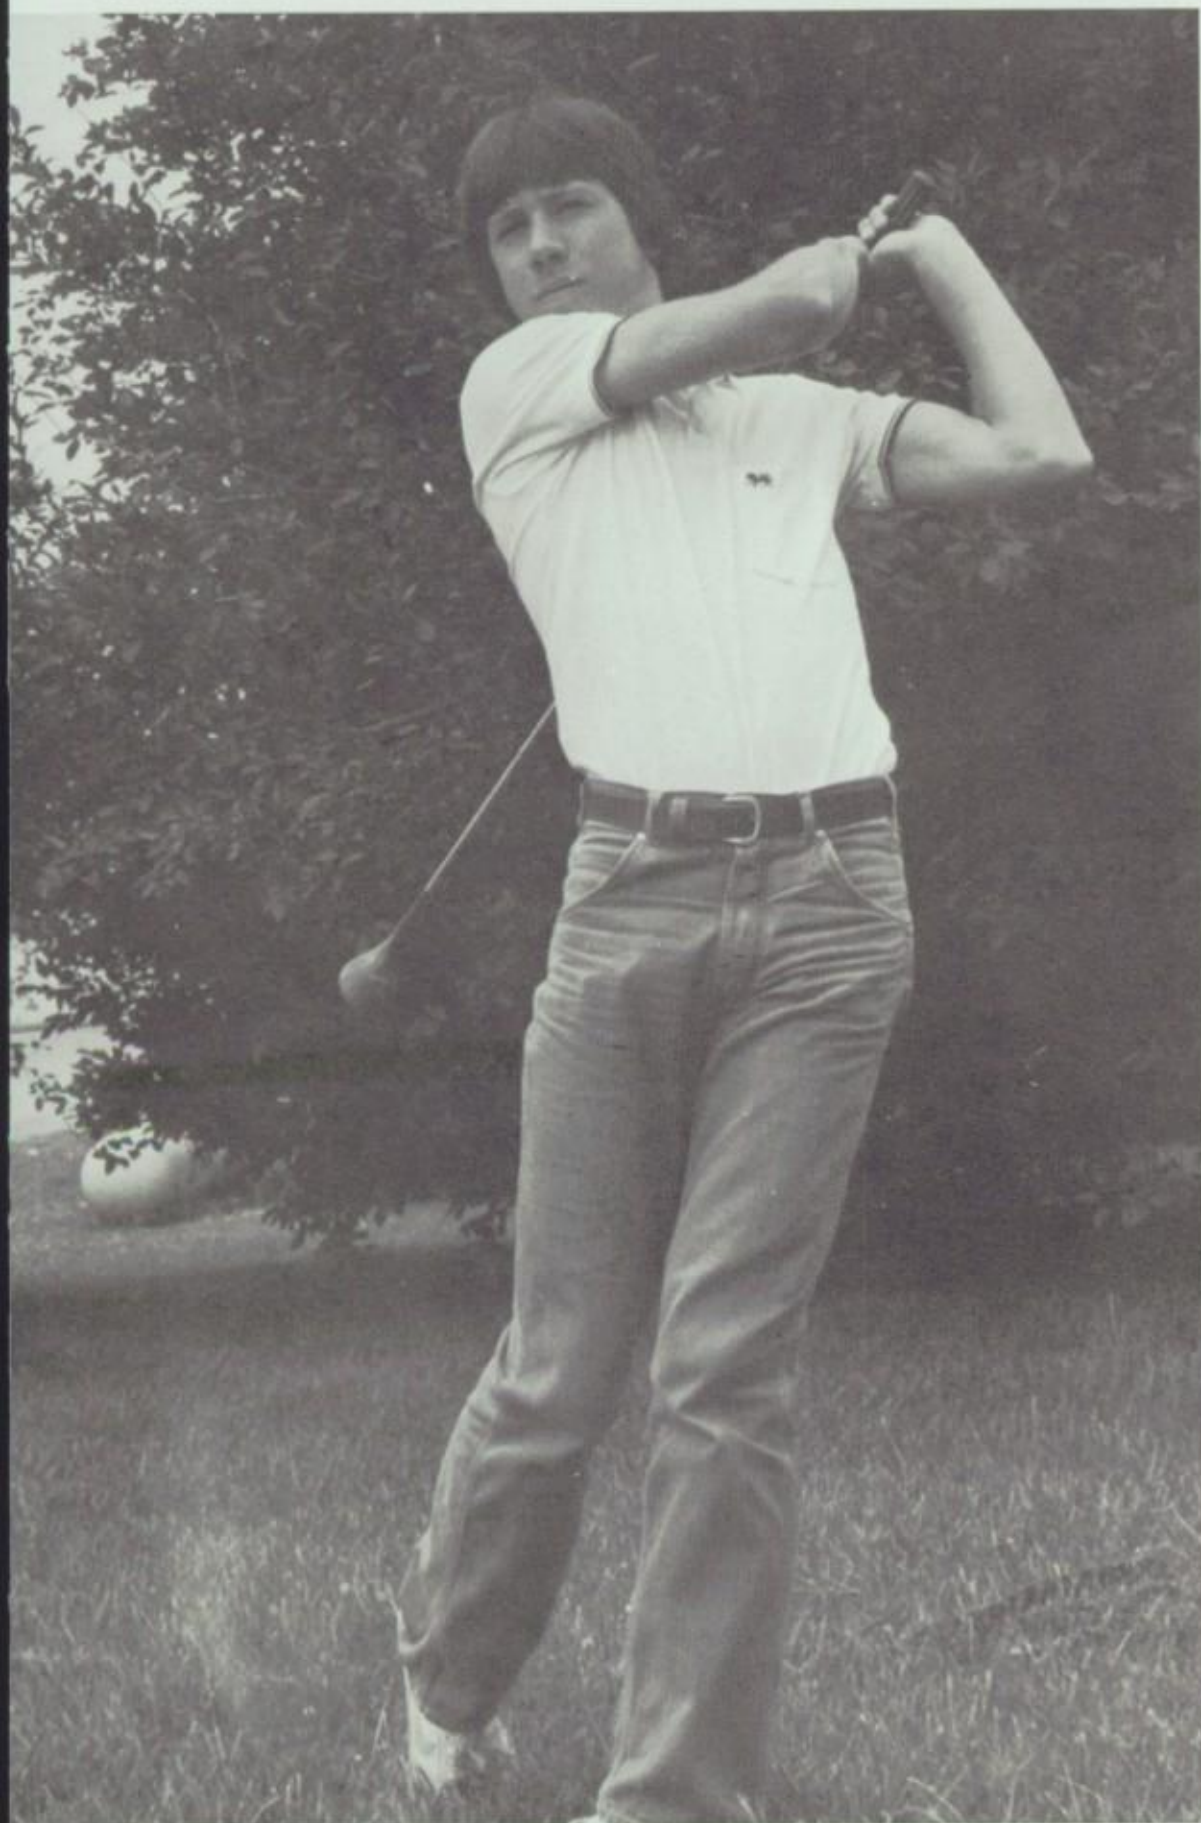

The team won the Regional in Campbell Co. in which fourteen teams competed. This win qualified the golfers to travel to Fort Knox for State Competition. Out of 22 teams Grant County finished 14th.

David Parks made an extraordinary effort which paid off greatly. He finished 15th out of 121 golfers.

The team finished the regular season undefeated for the first time in the history of Grant County High School. After the tournaments, they were 53-12.

Junior David Parks comments, "I feel we had a very successful year, especially considering the youth and inexperience on the team. Everyone is returning so we are really looking for a great season next year."

"Personally, I felt I had a slow start in the 18-hole tournaments, but finished pretty well like I wanted to at the closing of the season." □

The Grantonian staff was moved to the new art room this year. They attained better darkroom facilities and more room to work.

The staff traveled to Candlewood Inn for a workshop at the beginning of the year where they saw films and heard lectures on improving yearbook techniques.

Yearbook photographers spent time with Diehl Ackerman. They worked on developing pictures as well as taking more effective pictures.

Putting together the Grantonian includes a lot of individual work as well as combined efforts by the entire staff. The staff worked hard to improve the 1982 Grantonian and plan to send the book to the Columbia Scholastic Press Association to receive a rating this year. □

New Look for Band

▲ Sonya Thompson directs the marching band in front of the Williamstown grandstand.

The Grant County Marching Band had a new look for the 81-82 season. Gone are the blue berets, in their place are cavalier hats.

Band director, Dale Franklin, held his own band camp from 9-5 one week during the summer. Here at the high school, they learned their show and worked on fundamental marching techniques.

Traveling to five contests and performing in two parades brought the band two 3rd place and one 2nd place trophies.

Next year, the band hopes to gain more playing members and compete in more competitions. □

FBLA Captures 2nd of State Conference

The Future Business Leaders of America is an organization that specializes in the furtherment of business education students.

Each year members of F.B.L.A. go to a regional meetings. This year's meeting was held at Northern Kentucky University, where the members were involved in competition in different events. Grant County had three winners this year; Missy Wolfe, received a 2nd place trophy for Shorthand 1, and Janet Harp, a 1st place trophy in Data Processing.

April 22-24, was the State F.B.L.A. conference in Louisville. Mrs. West, Mrs. Schuotz, those three girls, and voting delegates, Toni Brewsaugh and Venita Simpson, attended the conference. As well as meeting and assemblies there was a pool party and 2 dances. Grant County came home proud as Brigitte Stivers captured 2nd place in Kentucky in her event.

F.B.L.A. had 2 picnics — one to begin the year, and to close it.

The officers for the 1981-82 year are: President — Valerie Simpson, Vice-President — Tammy Caldwell, Secretary/Treasurer — Missy Wolfe, Reporter — Jim Montgomery, and Parliamentarian — Bonita Simpson. □

Co-Op & Vocational School Aide in Career Choices

The Co-op program at Grant County High School provides students with a chance to receive education as well as financial assistance. Businesses including IGA, Pic-Pac, local banks, and others pay students for several hours work every day.

Juniors and Seniors travel to Boone Co. Vocational School and to Northern Kentucky Vocational School for training in subjects ranging from health careers to auto body. Along with 3 "in-school" hours, these students supplement their learning with special training. □

▲President Tina Simpson discusses plans for the upcoming Homecoming.

Teens for Christ Spread Easter Message

The main activity of the Teens for Christ was the Easter program. David Hammons brought the message and was well received by the students. Performances by the Lovelights, a group from the Dry Ridge Baptist Church, Tammy McKenney, Jayna Landrum, and Bonita Simpson, and David Acuff and Mollie Brewsough highlighted the program.

Letterpersons Bring Success to Homecoming

The first event this year for the letterpersons was the Thanksgiving Assembly, canned goods were collected and distributed among needy families. Rev. Tammy Simpson spoke.

The year's major event was the Homecoming. This year the queen and princess were elected by the student body and the activity was a big success.

The Letterpersons sponsored a dance on February 20.

Library Club Holds Read-a-thon

The Library Club, sponsored a Read-a-thon for needy causes, the Kentucky Retarded Citizens Association. This was a very successful money-making project. Mrs. Smoot, demonstrated to the club members how to use audio equipment. And inside the club, the members had a "Book Swamp."

Students Take Part in

Inductions Highlight Year for NHS

Once again National Honor Society held fall inductions, inducting 33 people who excelled in academics, citizenship, and leadership.

This year the club is providing tutoring for those students who need help in any area. This will hopefully become a full time service of the club.

Intramural sports were also reinstated as NHS sponsored intramural volleyball between all classes with the winner playing the faculty.

Officers were: President — Patty Fogle, Vice-President — Janet Harp, Secretary — Missy Wolfe, Treasurer — Kay Brewer, Reporter — Carol Herron.

— Lynn Knight

▲Senior Honor Society member, Janet Harp, LeAnn Owens, Kay Brewer, and Missy Wolfe take part in the induction ceremony.

▲ Junior inductee, Nancy Adams signs the roll book as Mr. Berger and Miss Yeager look on.

Spanish Club Has Rock-a-thon for a Needy Child

The Spanish Club had an active year during 1981-82, the biggest activity being the sponsoring of a girl from Mexico. The money was sent to the girl as a charity to meet her needs. The social event of the year was a taco party compliments of Club sponsor Mrs. Sandy Lillard. □

Bake Sales Benefit French Club

The French club has had a big year in 1981-82. The club sponsored their annual walk-a-thon in April to benefit the Cancer Society. To learn more about French cuisine, the club ate at a French restaurant. A skating party was held for the club members' enjoyment. To raise money for their activities, the members had a bake sale every Saturday at various grocery stores. □

School Board Reorganizes

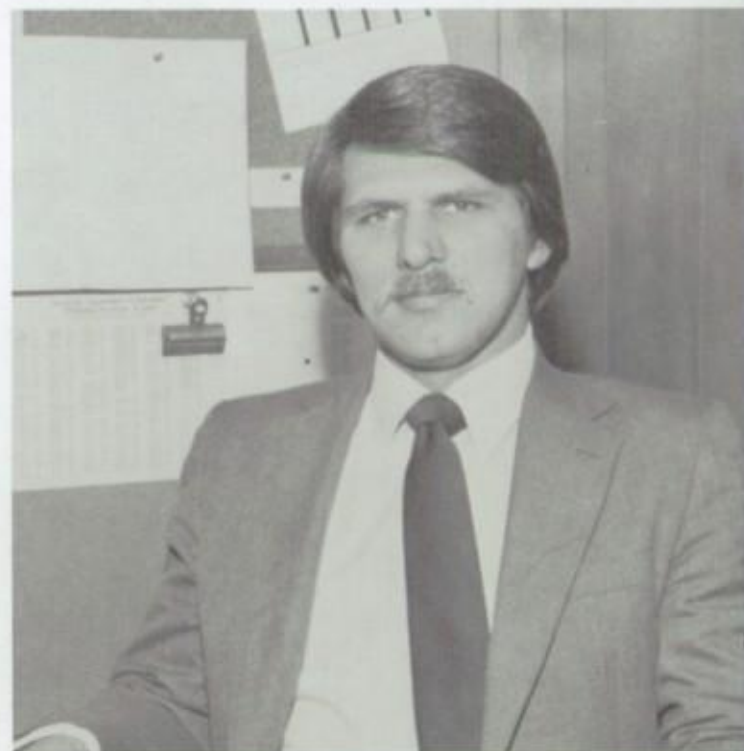

One of the newest members of the Grant Co. School Administration is Dr. Otis Reed, Jr. He came to Grant County for the job of superintendent which was vacated by Thomas Hagler.

Dr. Reed received his Bachelor's and Master's degrees at Murray State University. He then received his Doctorate at the University of Indiana. "I originally planned to go into law, but after I received my teaching certificate and started substituting for teachers, I decided that teaching would be my profession," Dr. Reed said. Dr. Reed then went on to teach full time in Jefferson County. He was later principal for eight years at Farden West Middle School and Superintendent one year at Webster County.

Upon coming to Grant County, Dr. Reed found a basically sound school system. He feels we must continue to work to improve by taking what is good and making it better. He has also found the people are very interested in their school system which gives a good atmosphere.

During their short time here, Dr. Reed and his family consider Grant County as home. He and his wife Jane are expecting their first child in early June. He also has a son, Pete, living in Louisville. Mrs. Reed has two children, Michelle Parrish, a junior at Grant County High, and Steven Parrish, an eighth grader at the middle school.

Among Dr. Reed's hobbies are reading, fishing, and walking. He is happy with his job and enjoys the give and take of it. He also compliments Grant County and its people by saying it reminds him of his hometown of Hodgenville. □

The School Board began the 1981-82 year by initiating a new investment program. The new program consists of the "investment" of money instead of putting it in a checking account. The School Board has also done a lot on maintenance on the buildings. This includes the new roof on the high school and other things that aren't as noticeable. The members of the School Board are Sue Davis — Chairperson, Bobby Taylor — Vice-Chairperson, Mildred Blackshear, Candis Simpkins, and Gordon True. The future plans of the School Board are to develop a long-term maintenance program that will keep the schools in good condition. □

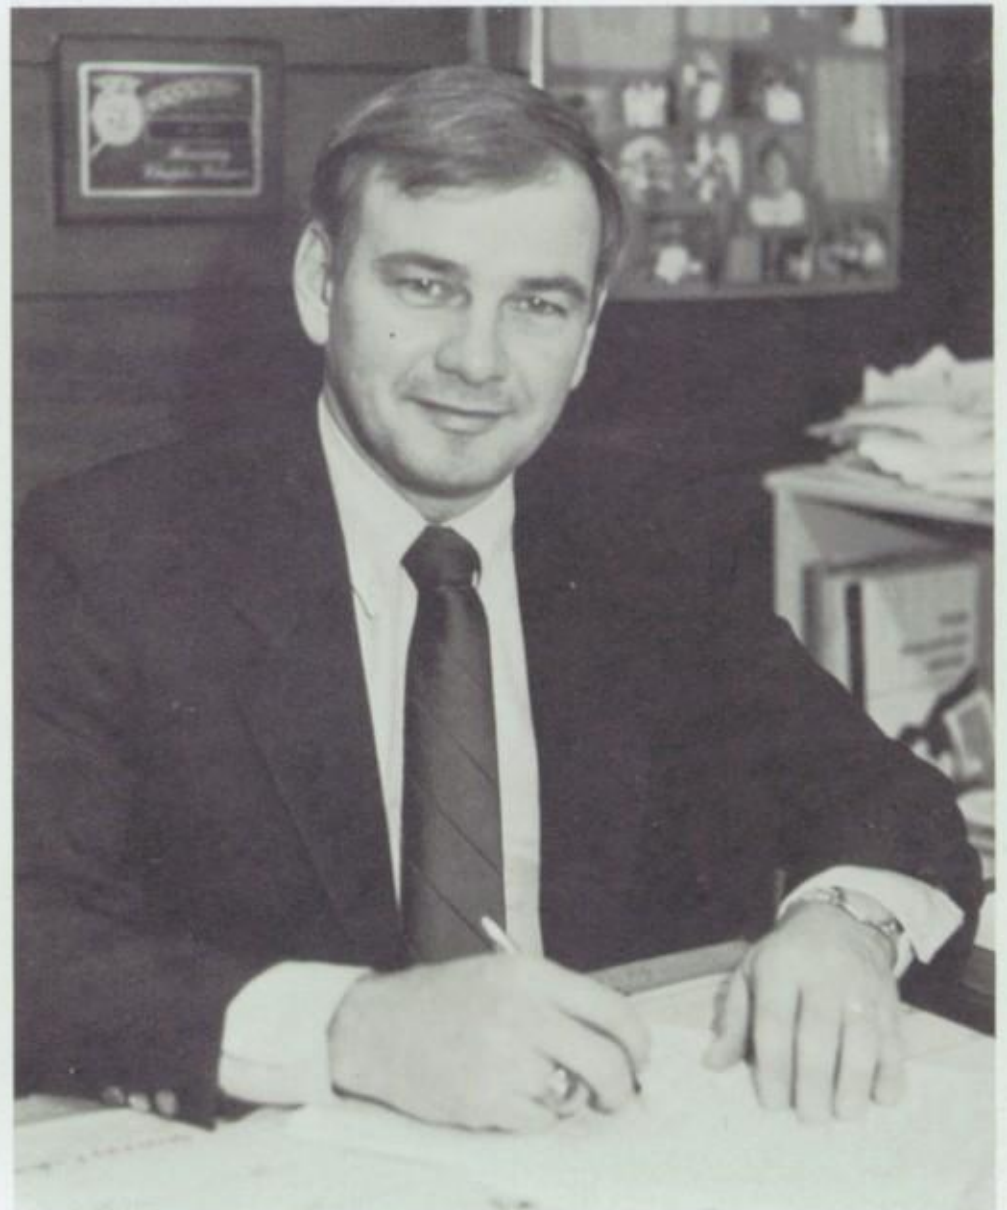

John Brill Steps in as New Principal

Mrs. John Brill, the new principal of Grant County High School has been a great asset to the progress of GCHS. After graduation from this very school, he attended Eastern Kentucky University where he majored in American History and minored in political science. After graduation from ECU in 1967, Mr. Brill taught civics and government for two years, afterwards being transferred to Corinth School as head teacher for one and a half years. His teaching career was put aside for four years as he was drafted into the Air Force for three years and sold insurance for one. He returned to teaching at Pendleton County High School for two years after receiving his master's degree. Before becoming principal at PCHS, Mr. Brill served as principal at Crittenden Elementary School for one year.

Having his wife working on the administrative staff at GCHS hasn't made much of a difference as it would with anyone else. Like all things, there are both good and bad points. Mr. Brill feels that Mrs. Brill tends to do more than a counselor's job calls for. "She helps me", he stated. It is difficult having to maintain a relationship about a student and the confidentiality required of both jobs. He feels it is not really a problem, just something that has to be watched out for. Sometimes having very related jobs depresses the Brills because they

experience basically the same problems during the day. Mr. Brill feels that in doing everything he can possibly do for his job, he has short-changed his family.

When asked about his working relationship with his sister, Beth Conrad, he replied, "Most people don't know it." He doesn't feel the relationship affects working conditions. Like any school, there are changes that need to be made. Mr. Brill feels that GCHS needs to be more academically oriented and finetuning needs to be done in the academics already established. More things need to be added so more kids can get involved, for instance, chorus and plays. "Students need something to express themselves in, so they can feel good about themselves. All of this tied up in money and the attitude that people make you do stuff. People must put time and effort to make things work." Mr. Brill says that a lot of times the negative side of things gets emphasized so much that people begin to believe that it is true. "Students are great people. I regret not getting to know a lot of the kids on a speaking basis." Mr. Brill hopes that he has broken down the barrier that develops between student and teacher. "The important things in high school don't get graded, like getting along with others." □

Administration: Key to Success

The administration of Grant County High School is the key to the success of the high school. Assistant Principal Mr. Gene Wynn, has had several duty changes this year. He is now taking care of all absences, excuses, early dismissal, etc. and has handed over the job of discipline to Mr. Brill. Our guidance counselor has a handful of duties. She takes care of counseling, scheduling, helping students in their decisions of choosing a college as well as countless other things she does. Mrs. Beth Conrad, our secretary, handles all the office work very efficiently. Grant County High School could not function without the work of these people.□

Terrell Owens (1932-1981)

A graduate of Mt. Vernon High School, Mt. Vernon, Kentucky, Rockcastle County, Mr. Terrell Owens will be greatly remembered by all that knew him. These memories will be cherished forever.

Mr. Owens attained his Bachelor of Science degree at Eastern Kentucky University. Afterwards, he taught in North August, South Carolina, before coming to Grant County. At GCHS, he taught Graphic Arts, Photography, Mechanical Drawing, and Architectural Drawing. For twenty years he was a much respected man, admired instructor, whose rare genius in his field accompanied by his friendliness, understanding, and patience will always be remembered by those who grew close to him during his stay at Grant County. Teaching was his life. He gave of himself when he taught. □

We say farewell to a faithful friend
Who gave much of himself to our school
Whose patience and understanding
Will stay in our minds
Far longer than problems or rule
With always a smile, he had no complaints
He kept faith to the very end
Our thoughts are sad as we say good-bye
To Mr. Owens — our teacher and friend

Identities

Senior Tim Miller received a Presidential Scholarship to Eastern Kentucky University. This scholarship is based on academic achievement in high school.

Senior Danny Knarr is this year's recipient of the DAR Good Citizens award. Students vote for who they think is deserving of the award, then the teachers choose from the top three.

Keeping up a family tradition, **Sophomore Stephanie Rodgers** began sewing seven years ago, at the same time joining 4-H. She first became interested in sewing through her mother, grandmother and aunts. She likes the feeling of accomplishment and pride that completing a garment gives her. This year her hard work paid off. She won the State 4-H Competition and went on to Chicago where she was a finalist in National 4-H Week, receiving a \$1000 scholarship. She also toured Chicago, one of the fashion merchandising centers of the United States. The coat she is wearing above won her these honors.

Many other awards and titles accompany Stephanie's name for she is a very talented young lady.

Sacha Elizabeth Maria DeVroomen was born in Lisse, Holland, where her father was a flower bulb grower and a breeder of Arabian horses. In 1979, Sacha, her family, and their 19 Arabian horses moved to Grant County. There were many contrasts between the countries and numerous adjustments had to be made. Sacha spoke very little English, but now speaks fluently. In Holland, there were few farms and no small towns as there are here. People in Holland are faster in doing things and are constantly aware of worldly events because of their closeness and dependency on Russia.

Now a senior, Sacha plans to attend college, which is something only about 5% of students in Holland do.

A. P. Biology III student, Laura Martin had a chance of a lifetime when she was chosen as an alternate to the National Science Symposium held in Boston, Massachusetts. She was chosen through her outstanding science project. Although she had to miss Class Night, Laura feels that the trip and experience she gained made up for the loss.

After a tragic accident, Donald Rimer has returned to school. He was unfortunately unable to attend Grant County High School because we do not have the facilities for a wheelchair.

This year five girls traveled to Washington, DC to learn more about the way the U.S. is run. Presidential Classroom participants, Laura Martin, Diane Draper, Lorrie Beigl, Nancy Acuff, and Bobbie Pickett attended a week long tour of the capitol and sessions pertaining to politics and governmental procedures.

A talented guard for the Braves, Freshman **Jeff Stith**, is also talented in a baseball uniform. His athletic ability won him a place on the Baseball All-District Team.

Competing on the It's Academic show for the final year, this year's team did not score very high but they gained a lot of experience in the process. The T.V. quiz show went off the air due to funding problems. Competing for GCHS are; **Joey Campbell, Paula Gustafson, Laura Martin, and Nancy Adams**, their sponsors; **Mrs. Reed, Mr. J. Money, and Mrs. Lillard**.

During the weekend of Mar. 26 and 27, Sophomore **Michele Middleton** represented GCHS at the Hugh O'Brian Conference. An outstanding sophomore is sponsored each year from schools all over Kentucky. The project is sponsored by the Jaycees. Michele had the opportunity to engage in discussions with many civic and business leaders, and Governor John Y. Brown.

Rick Willoby represented Grant County in Phoenix, Arizona at the National Soil Conservation Convention. He became involved in the conservation board through science club. At Phoenix he learned new ideas about soil conservation which he will submit to the others and will hopefully put into practice.

Rick will also attend the Bell Laboratories at Columbus, Ohio. The purpose of this is to learn more about telecommunications.

As a guard for the Grant County Braves, **Jr. David Parks** has received many honors including All-Tournament team for the Harrison County Tournament, All-District Team, and also All-Region team. Also, David helped the golf team to win the region as he had the top score of the tournament, winning himself a medal.

Northern Kentucky University provides Grant County High School with 2 Presidential Scholarships a year. These scholarships are presented to students who exhibit high academic achievement. Full in-state tuition is paid for one year and is renewable if the student maintains a 3.25 grade point average. This year's recipients are **Kay Brewer** and **Janet Harp**. **Kay plans to study pre-law and possibly play softball for Northern.**

Each year, Owen County Rural Electric Cooperative gives an opportunity for any high school junior who is a member of Owen County RECC to win a trip to Washington, D.C. A test is given over facts about the cooperative. The student who scores the highest in each school of the OCRECC district receives a trip to Frankfort and a chance for the Washington tour. These finalists must write an essay on a topic selected by the cooperative. Two students are picked from the finalists to represent OCRECC in Washington, D.C. Last summer, **Elaine Bryant** received the honor of representing the Owen County RECC in Washington.

▲Winners of the Orie P. Gruelle scholarship proudly accept their awards.

▲Tim Miller accepts a presidential scholarship to Eastern Kentucky University.

▲The Grant County Woman's Club chose as the recipient of their award, Laura Caldwell.

▲Mr. Brill presents Janet Harp and Kay Brewer with presidential scholarships to Northern Kentucky University.

▲For her outstanding ACT score, Paula Gustafson received a \$500 scholarship to Georgetown College.

▲Laura Martin was unable to attend the ceremony, where she would've been given several awards to Georgetown College. The seniors gave a standing ovation which will be seen on the videotape her father recorded.

Hard Work Rewarded

Outstanding members of the senior class were recognized with awards and scholarships. Nights of last minute cramming, pre-test jitters, and all-around hard work paid off for many during the presentation of scholarships on class night.

Hard work and diligence is easy for a short period of time, but the consistency of hard work it takes to receive such high honors takes years to acquire.

▲Due to his baseball skills, Jerry Poore was awarded an athletic scholarship to Wright State.

The 1982 prom was held on Saturday, May 1. The prom committee, consisting of the Junior Class officers and one representative from each homeroom, held several meetings to discuss plans. Nancy Adams, Mitch Dunn, Kim Isbell, David Parks, and Tina Simpson decided on the Fort Mitchell Holidome for the long-awaited dance. The theme was Sweet Dreams, a song made popular by Air Supply. Mr. Brill chose Solitude as the band.

Jr. class president Lori Woodyard and vice-president Michelle Dickerson crowned Steve Simpson and Kim Adams as King and Queen and David Parks, and Nancy Adams as Prince and princess. They received roses and prom bracelets. Jr. class sponsor Mildred Blakey received a special gift of appreciation from the junior class.

Girls wore everything from hoop dresses to tuxedos and brought corsages, bouquets, and parasols. Tuxedos ranged from maroon and brown to black and white. Top hats and tails reappeared on this eventful night.

After being presented with flowers and gifts, Prom King and Queen Steve and Kim Adams pose for a picture.▶
Juniors, Steve Crey and Sonya Thompson (of course Sonya with Mitchell Dunn) take advantage of the salad bar.▼

The dance floor was heavily populated during slow songs. Here, Jayna Landrum and her escort enjoy dancing to "Open Arms." ▼

Inspires "Sweet Dreams"

◀Prom prince and princess, David Parks and Nancy Adams share a spotlight dance.

▲The Holidome has many attractions besides the dance floor. When dancing got tiring, Dean Lynn and Todd Simpson made use of the pool tables.

"The Famous Final Scene" before graduation is class Night. Darren Smith, Deena Humphrey, Bud Barnes, and Patti Fogle join in the singing of the song as did all 129 Seniors.▶

Jayna Landrum honored the class by singing the song "He 's Ever Interceding" to them at the opening of the program.▼

▲On Class Night, the junior class officially becomes the senior class of 1983 by receiving the class key. Lori Woodyard, Pres. of the Junior Class, accepts the key from Jerry Poore, Pres. of the Senior Class.

▲▶Honoring the parents of the graduates, Mary Ann Draper sings "I Honestly Love You."

A time in the spotlight, Tina Tackett and all other Seniors receive special recognition as they are introduced.▶

Each high school year was remembered as Missy Wolfe, Sacha DeVroomen, Janet Harp, and Rodney Kellam relive earlier years for their classmates.▶▶

The Class of 1982 presented Class Night at 8 p.m., May 21, 1982. This special night included special music by class members, the class history, introduction of class superlatives, presentation of scholarships, presentation of the class key, and the class song, "The Famous Final Scene." The valedictorians, Kecia Flege and Laura Martin, as well as the salutatorian Patti Fogle, were recognized.

Members of the senior class chose as their class colors, pastels, and as their theme, "Reach for the Stars." The motto of the class was "Today We Follow, Tomorrow We Lead."

◀Valedictorian, Kecia Flege, kept a 410 average throughout high school, as did Laura Martin, also Valedictorian. Here, Kecia gives the closing speech.

Friends are lasting ties to the memories of high school years. LeAnn Owens and Datha Rhoton express the true meaning of friendship.▼

Memories and Tears

Graduation: Famous Final

▲▲Seniors reflect on their years at GCHS.
 ▲“Today We Follow, Tomorrow We Lead.” The leaders of tomorrow
 are the graduates today.
 Four-year band student, Tina Faulkner joins the band in a final
 performance.▶

Scene

Eagerly awaiting graduation to dreading the last days of classes seems to be the range of feelings of graduating students.

For some students, the handshake of Dr. Otis Reed or Sue Davis with diploma in hand is only a boost into the real world and a good riddance of the academic world. No more late night cramming, no more walking to class in miserable heat, in the extreme, bitter cold, or in the wet, rainy days.

Many other students feel differently. Enjoying the academic life, some students feel receiving one degree is only a stepping stone toward earning another. Close friendships are separated and the familiar surroundings are left behind. Many students feel a twinge of sadness as they leave GCHS for the last time.

On May 23, 1982, 129 seniors were seniors no more.

▲◀Terri Simpson makes last minute adjustments to Gina Gutman's cap.

End

— Osborne Studios

Most people have their own individual idea about friends, though most will agree that they are important. When asked why friends are important to them, most people have a little something to say.

"They're important because they give you their opinion on things other people would get mad about, you can trust and believe them," Sr. Julie Landrum.

"So I can borrow money to buy my daily HoHo at lunch," Fr. Doug

Parks.

"To share things with," Soph. Gail Hubbard.

"So you'll have somebody to argue with," Jr. Mandy Begley.

"To help you make it through the day," Sr. Steve Simpson.

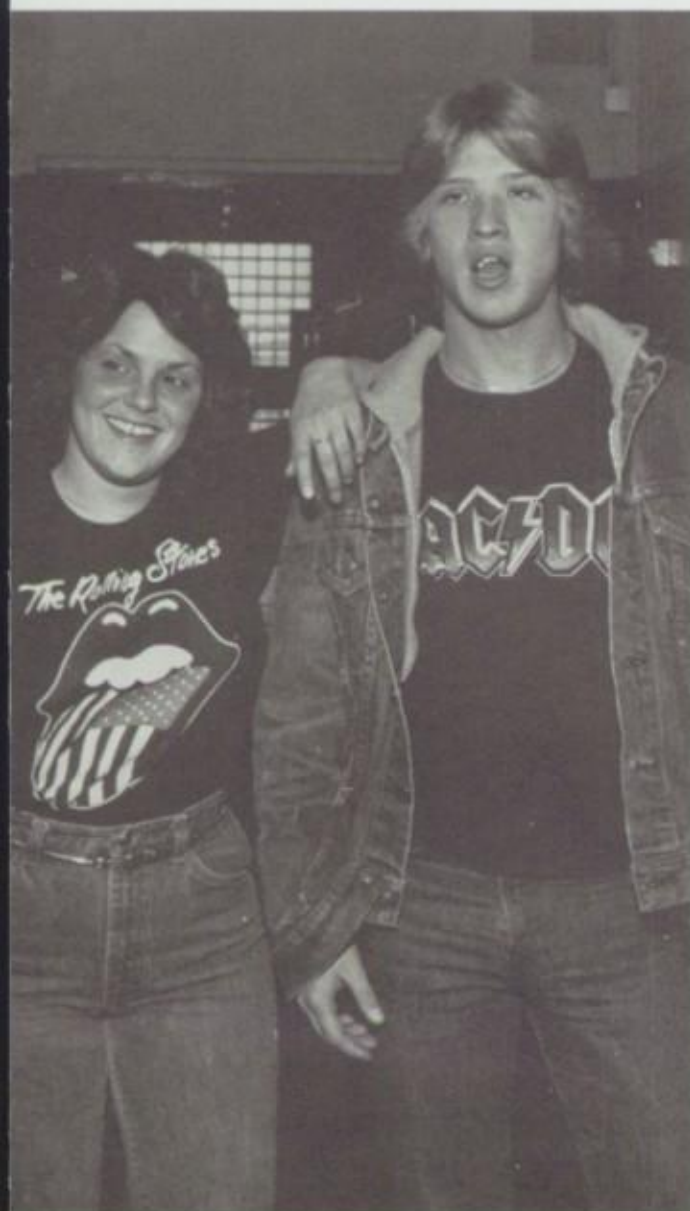

"Because you have someone to share your feelings with," Soph. Dot Bowin.

Some people have quite a bit to say about their friends.

"I think loneliness is the lowest

feeling ever. I don't have any sisters, I have three brothers. I can talk to my oldest brother but not my innermost thoughts. I want a best friend I can tell everything to. Someone who will care about your feelings. Not how much money you have or how popular you are. I want a friend I can count on," Jr. Cindy Chamberlain.

— Osborne Studios

At the end of the year, with everything coming to a close, we must divide our time between having fun, studying for those last few tests, and making decisions about our future. This is also a time for reminiscing. A time to look back at the people who have influenced our lives. The teachers who were there to advise and assist, the

parents who have always been there to love and support, and the classmates who have cared and shared.

A simple thank you is not enough. At a time when goodbyes are near, we have the need to reach for these people and make them understand how much we appreciate what they have done.

For all the times our parents picked us up after skinning a knee, for all the times our teachers gave us a helping hand, and for all the times our classmates lent a consoling shoulder, our sincere thanks are in order.

▲Senior Kim Adams and Junior Brian Franks work together in horticulture.

Personalities are like the colors of the spectrum. The uniqueness of a personality is complemented when viewed with other personalities, just as a color is made vivid when contrasted with other colors. Interacting personalities create spirit in a high school as blending colors create life in a painting.

Through the high school environment, many personalities are changed or more fully developed. Personalities are put on display and given a chance to grow through classes, clubs, assemblies as well as outside activities — church, friends, and families.

Grant County High School is rich with diverse personalities;

enthusiastic, extroverts, shy introverts, serious intellectuals, creative artists and musicians, aggressive athletes, class clowns, and well-rounded achievers. To be inter-mixing these personalities produces our school's identity.

▲Terry Cleveland will get a lift from this picture.

A part of growing up is going steady with different people, trying to find the right person to spend the rest of your life with. There are many couples at Grant County High, some staying together for a long time, some for only a short one. Every relationship is different because like the old saying goes, "No two people are

exactly alike."

A lot of couples in school today have already started planning a future together. They have to rely on how strong their feelings are for each other. Some of these will have a hard time because people will say that they're too young to know about love. A large portion of social life in high school is "who's going

with who" and "who broke up with who." Seeing or not seeing certain couples in the hall keeps the school grapevine informed. But aside from being good conversation, couples are important to growing up.

To the people of Grant County High School:

We've put a lot of ourselves into this book and we hope and feel that it's the best Grantonian to date. Putting this book together took a lot of individual work as well as combined efforts, and we have a long list of thank yous.

Thanks to Jeff Nantz, Lynn Knight, and Michelle Parrish for an endless supply of pictures, Samantha Kinman for columns and columns of ads, Sherry Beach for pages and pages of typing, and Julie Landrum and Patti Fogle for writing endless copy.

A special thanks, along with honorary memberships to the year-book staff, goes to Rick Willoby and George Edmondson for all the work they did in the darkroom, which pulled us from many tight spots.

Thanks also to Marla Mills, Chris Rodgers, and Bobbi Pickett for the use of their pictures.

Thanks to Mr. Deihl Ackerman for the guidance he gave to our photographers, as well as the cameras he donated to the staff.

Additional thanks to Mr. Brill for all of his cooperation and to the various teachers that let staff members out of class to work on the book.

Thank you to Rick and Harry Rivard for talking J. Martin into spending more money, and to Osborne Studios for our friend, Chip Ohoy.

Thanks also go to Jane, who spend a lot of time with one of us and unknowingly brought a lot of laughter to the rest of us.

We also want to thank the Rolling Stones, the guy in the glasses, the 5th period study hall officers, Mrs. Schmuggigan, Todd Hall, and especially to Loggins, for staying on the wall.

Finally, we have to thank J. Martin (he's holding a gun to our heads again this year) for all the help he gave us with the Grantonian. Still, always remember, MARTIN STINKS!!!

Sincerely,

Nancy K. Adams
Robin L. Hughes
